Welcome to Oklahoma Career Guide

Oklahoma Career Guide is an online education and career planning system that gives you the tools you need to build a foundation for lifelong career success. You'll learn what your [interests](#), [skills confidence](#) and [work values](#) are and how to apply them to a career plan for your future.

This website also helps you with real-world skills such as how to [write resumes](#) and [cover letters](#), how to [research employers](#), and how to [prepare for job interviews](#). You can even create an [electronic profile](#) that you may choose to share online with prospective colleges or employers.

Begin by Taking Assessments

Your [assessment results](#) will help us tailor your experience throughout the site. To take or re-take a Kuder online assessment, [visit the Take an Assessment page](#).

Learn About Financial Aid

Financial Aid Process Overview

This is an overview of the process of getting financial aid. We suggest that you work through each of these steps in sequence and that you keep track of your progress by making notes in the Financial Aid section of your portfolio.

① Estimate Student Loan Debt and Payments

② Find and Apply for Scholarships and Grants

③ Get a Federal Student Aid ID (FSA ID)

④ Collect Information to Complete the FAFSA

⑤ Complete the FAFSA

There are two ways to fill out the FAFSA – on paper or on the Internet. To get the paper form, contact the Federal Student Aid Information Center. We recommend you complete the form online for the following reasons:

- The online FAFSA finds mistakes right away and lets you fix them.
- You get instructions for each question, and you can "chat" live for free with someone in customer service if you have further questions.
- The Department's Central Processing System will process your application quickly – in three to five days if you use an electronic signature.

Complete the FAFSA Now

You may want to record the date you filled out the FAFSA by putting a note in the Financial Aid section of your portfolio.

To complete an application online, please visit [FAFSA on the Web](#) ↗

Banking Basics

Welcome

Welcome to *Banking Basics*. You're taking an important first step to building a better financial future for yourself. It all starts with understanding the basics of personal finances.

Objectives

- Identify the major types of insured financial institutions.
- Identify five reasons to use a bank.
- Describe the steps involved in opening and maintaining a bank account.
- Describe two types of deposit accounts.
- Identify additional bank services that come with deposit accounts.
- Describe the main functions of the bank customer service representative, teller, loan officer, and branch manager.

Types of Financial Institutions

Banks, thrifts, and credit unions are businesses that offer you a safe place to keep your money and use your deposits to make loans. Banks, credit unions, and thrifts are also called *financial institutions*, since they offer many financial services.

- **Banks and thrifts.** Banks and thrifts make loans, pay checks, accept deposits, and provide other financial services.
- **Credit unions.** Credit unions are nonprofit financial institution owned by people who have something in common. You must become a member of the credit union to keep your money there. Credit unions accept deposits, make loans, and provide other financial services.

Insured banks and thrifts are guaranteed by the Federal Deposit Insurance Corporation (FDIC). This means that if the bank were to fail, the FDIC would return your money, up to the insured amount.

- FDIC-insured banks display the official FDIC logo.
- Most credit unions are insured by the National Credit Union Administration (NCUA). The deposit insurance rules are the same at NCUA-insured credit unions as they are at FDIC-insured banks.

The FDIC has an online tool called the [Electronic Deposit Insurance Estimator \(EDIE\)](#). It lets you calculate the insurance coverage of your accounts at each FDIC-insured institution.

Reasons to Keep Money in a Bank

- **Safety.** Your money is safe from theft, loss, and fire.
- **Convenience.**
 - You can get money quickly and easily. Using direct deposit for your paychecks, for example, allows you quicker access to your money because funds that are electronically deposited are available sooner than if you deposit a check.
 - You can also use Automated Teller Machines (ATMs) to get fast access to your money. Most ATMs are available 24 hours a day, 7 days a week. Additionally, you can use your bank's ATM or debit card to make purchases instead of cash.

Oklahoma ICAP Report Definitions

Education Plan	<p>This measure is the combined total of two components:</p> <ol style="list-style-type: none">1. Total updates made to the student's education plan in the current academic year2. Number of years in which the student has updated an education plan prior to the current academic year <p>A value of 4 or more in this column satisfies the requirements for the Education Plan ICAP requirement</p>
WBL Activities Completed	<p>This field counts total work-based learning activities completed by the student and recorded on a WBL card within the OKCG ICAP. If this value is greater than or equal to 1, the student has satisfied their Work-Based Learning ICAP requirement.</p>
Entrance Exam	<p>This field indicates whether the student has self-reported completion of the ACT and/or SAT. This can be recorded in the External Assessment section or custom card within OKCG ICAP. A status of "Reported" in this field satisfies the College Entrance Exam ICAP requirement.</p>
ICAP Status	<p>A status of Complete indicates that the student has satisfied all OKCG-based graduation requirements for their ICAP. I.e., all requirements listed above have been satisfied.</p>
